Ly Thai To Street, Hoa Phu Ward, Binh Duong New City, Binh Duong Province. (Beside the Singapore International School)

Time: 16:00 ~ 19:00 – 26th August, 2017

Outline of MIDORI PARK project:

MIDORI PARK with a total area of about 60ha, is located in the center of Binh Duong New City, approximately 30 km north of Ho Chi Minh City, the urban development for new political, social, economic and cultural center of Binh Duong Province.

MIDORI PARK will be developed varieties of houses in a rich nature environment: townhouse, garden house, shophouse, villa, etc... For the first phrase, Becamex Tokyu will construct 42 units, consists of 17 garden houses and 25 terrace house. The hand over time plans to be within next quarter 2 2017.

MIDORI PARK applied Tokyu’s experience in Japan based on the model of Tokyu Tama Den-en Toshi - one of the most favorite urban in Japan. The project will come up with many outstanding points, make it extraordinary to the rest of what’s existing currently. The two of them are nature landscape and security system.

The first point is uniquely-designed and open landscape with seasonal flowers, abundant kinds of trees, flowers and pure river along the project. This is also the idea for project’s name, MIDORI PARK means the park where residents could enjoy the whole nature, cool and green shade of the trees, beautiful sunshine mixed with gurgle sound of water flowing.

Furthermore, in MIDORI PARK, BECAMEX TOKYU equips a high standard Home security system operated by the first-ranked security company in Japan, named SECOM. This system not only provide both entire township with thermal cameras, 24/7 patrol guards but also equip for each house in the project and controlled by a Control Center.

With the concept “Living in the Green”, BECAMEX TOKYU brings the “improvement over time” – which means the city is not only beautiful but also more worth living day after day.
