WITH CAPACITY OF 800 STUDENTS FROM KINDERGARTEN TO ELEMENTARY, THE SCHOOL IS PLANNED TO OPEN IN SEPTEMBER 2019

VIET HOA INTERNATIONAL SCHOOL

BECAMEX TOKYU CO. LTD

Today September 10th 2018, the construction of Viet Hoa International School has officially started in Binh Duong New City. This project is expected to completed and opened in September of next year.

In Binh Duong province, there are more than 800 Taiwanese companies with many Taiwanese living and working. With the strong economic development of Binh Duong province in recent years, it is expected that the number of investors from Taiwan will increase sharply, leading to an increase in the number of Taiwanese people living here, especially those with children. However, there was no formal school system for those targets in Binh Duong now. Those children have to attend the non-formal school (in Di An Commune, from Kindergarten to Grade 2), or go to Taiwanese school in District 7, Ho Chi Minh City (From Kindergarten to High School).

Understanding those difficulties, Mr. Ta Minh Huy - President of Viet Hoa International School (Former President of Taiwan Trade Association) expressed his strong desire to quickly establish a school to improve education environment. Supporting Mr. Ta's intention, BECAMEX TOKYU Company – subsidiary of TOKYU Group from Japan, and some other investors have decided to open the project of building Viet Hoa International School in April 2018. This project is not only targeting Taiwanese families, but also targeting families of other countries like Japanese, Korean ... living in Binh Duong.

The school adopts a method that values the natural development of children called Montessori Method in teaching, also there is bilingual education program in English and Chinese. The appearance of Viet Hoa International School is expected to stimulate the development of Binh Duong New City through the training of human resources and the linking of international cooperation.
