Mediva Vietnam CO., LTD
BECAMEX TOKYU CO., LTD

Mediva Inc. is a leading provider of high quality health care services in Japan and has partnered with several national healthcare consultancies such as Myanmar, Thailand, China, Russia and Middle East countries. In Vietnam, Mediva Inc. is providing professional support for the construction of the medical center of Bach Mai Hospital in Hanoi. In addition, under the auspices of the Ministry of Economy, Trade and Industry (METI), Mediva conducted a study on the health environment in Binh Duong New City under the name of "Development of Medical Facilities - Services 2017" from May 2017.

On the other hand, in Binh Duong New City, BECAMEX TOKYU CO., LTD which is a joint venture company established by BECAMEX IDC CORPORATION and TOKYU CORPORATION in Japan, is promoting the urban development towards to the easiest city to raise children in Vietnam.

Mediva Inc. decided to set up the Binh Duong Urban Clinic in Binh Duong New City and established Mediva Vietnam CO., LTD in September 20th 2018, which aiming to provide quality clinics for foreigners as well as people in Binh Duong Province. According to the standard of Japan's clinic system, we are confident in the ability to effectively implement projects in Binh Duong, to bring positive contributions such as:

- Provide quality clinic services in the Japanese style clinic, performed by Japanese and Vietnamese.
- Help foreign experts and their families living and working in Binh Duong province can be assured of long-term work in Vietnam.
- The establishment of international standard clinics will attract foreigners as well as Vietnamese living in Binh Duong New City as well as Binh Duong Province in general.

At first this clinic provides primary care service. This is the first step and essential factor for our urban development. In addition, Mediva plans to create the system which can provides comprehensive support for residents in health, medical and welfare by cooperation with governments, in harmony with development of the city.
