About Binh Duong New City

Binh Duong New City is an open area with a total area of 1,000ha, directly belonging to Binh Duong Province – this province adjacent to the North and about 30km away from Ho Chi Minh City (an hour driving).

Binh Duong is known to be a successful place with large-scale industrial parks with constant population and economic growth. Projected to become a new city of province center, in Binh Duong New City, there are many projects for housing, trading, office, health and education that have been implemented.

Here, BECAMEX TOKYU Company (Joint Venture between Becamex IDC Corporation and TOKYU Group in Japan) is conducting urban development followed Japanese model.
